
A GPA can be calculated for any group of courses, such as all courses for a major/minor or a group of semesters, such as the frosh academic year.

On any transcript you will find the following:

– These are all units earned including “CR” and Transfer units

B+ = 3.30 quality points
if the course is a four unit class

dividing the total number of GPA units into the total quality
quality points/ 124 units = 5.8 GPA

Quality Points for each course
Quality Points for all courses
Quality Points for that group of courses
